Valuation: The When, Where and How of Valuing Your Business

Valuation is part science and part art. Many factors play into the value of your business. Join us to understand what drives value in your business and which methodologies most accurately reflect what your business would be worth in the market. You'll leave this program understanding:

- What valuation methodologies exist and how they differ
- The key drivers of valuation and how you can affect them
- When you should consider a valuation
- Why the cost of obtaining a valuation varies greatly
- How to select someone to value your business
- What pitfalls should you be aware of when seeking a valuation

Register now to learn the how, when and what of valuing your business.
